

Repair. Restore. Renew Your Skin

There is beauty in the transformation of a flower as it blossoms. *Is your skin in need of a transformation?*

xeo® **skin therapy** makes complete skin transformation possible. Whatever your skin tone, whatever your condition, xeo® **skin therapy** offers safe, effective treatments for a wide range of aesthetic concerns—all while giving your skin a lift and your confidence a boost.

In just a few treatments, you'll see visible improvement in:

-  Fine lines and wrinkles
-  Sun damage, freckles
-  Age/brown spots
-  Facial redness
-  Facial and leg veins

Let your skin blossom with confidence.

Next-level Skin Revitalization

Ask your skincare professional how xeo® **skin therapy** offers the ultimate blend of comfort and results.

Love Your Age ... at Any Age

Everyone ages differently. Some develop fine lines and wrinkles; others show the wear of time through redness, age or brown spots and maybe even veins surfacing on your face and body. Whatever your skin concern may be, **xeo® skin therapy** can help erase the effects of aging and banish sun damage, wrinkles, facial redness and unsightly veins on the face and body. Your skincare professional will customize the **xeo® skin therapy** treatment to address your specific skin concerns.

Transform How You Feel

xeo® skin therapy targets the primary signs of aging like pigmentation, redness, and fine lines and wrinkles on the face and body. Prior to your treatment, your provider will select the laser or light source best suited to target your concern.

Following a **xeo® skin therapy** treatment, you may experience slight redness or darkening of the treatment area, which will resolve within a few hours or days, depending on your skin condition.

With a little makeup and sunscreen, you can return to your normal daily activities immediately and feel confident about your skin again. In just two to six treatments, you can expect to see a visible difference in the way your skin looks and feels. Best of all, almost any patient can enjoy this safe, comfortable, non-invasive procedure, with little to no downtime.

To find out if **xeo® skin therapy** is right for you, schedule a consultation with your skincare professional today.
